

Mecmesin

testing to perfection

Mettler Toledo RS-P26/01 Printer

The Mettler Toledo model RS-P26/01 is the ideal companion to use with Mecmesin digital force gauges and digital torque testers. Simple to operate, it is the perfect solution for printing on regular 'non-thermal' paper, meeting the requirements of modern quality assurance systems - GLP, GMP, ISO 9001 etc.

The print-out can include:

- A date-time stamp
- Indication of direction: tension, compression, clockwise and counter-clockwise torque
- Units of measurement

Ideally suited for medical, pharmaceutical and cosmetic industries
